Tom,

You are confirmed for an hour meeting on Tuesday, February 13 at 9:30am with Mandy Gunasekara.

Directions and procedures to 1200 Pennsylvania Avenue NW:

Metro: If you come by Metro get off at the Federal Triangle metro stop. Exit the metro station and go up two sets of escalators to the surface level and turn right. You will see a short staircase and wheelchair ramp leading to a set of glass doors with the EPA logo - that is the William Jefferson Clinton Federal Building, North Entrance.

Taxi: Direct the taxi to drop you off on 12th Street NW, between Constitution and Pennsylvania Avenues, at the elevator for the Federal Triangle metro stop - this is almost exactly half way between the two avenues on 12th Street NW. Facing the building with the EPA logo and American flags, walk toward the building and take the glass door on your right hand side with the escalators going down to the metro on your left - that is the North Lobby of the William Jefferson Clinton building.

Security Procedures: A government issued photo id is required to enter the building and it is suggested you arrive 15 minutes early in order to be cleared and arrive at the meeting room on time. Upon entering the lobby, the meeting attendees will be asked to pass through security and provide a photo ID for entrance. Let the guards know that you were instructed to call 202-564-7404 for a security escort.

Please send me a list of participants in advance of the meeting and feel free to contact me should you need any additional information.

Best,
Alex

Alex,

Will you be able to confirm 2/13 at 9:30 am will still work or will it be after the CR is passed?

I would like to make travel arrangements this week if possible.

Thanks for your support.

Hey Tom,

I have taken over Mandy's scheduling for the time being and happy to set something up.

Would you be available Monday, February 12th at 10:00AM or Tuesday (02/13) at 9:30AM?

Best,

Alex

David,

I appreciate your thoughts and prayers. My grandson is doing much better. He still has a long road ahead of him and needs prayer, but thanks be to God, the serious days are behind us.

Concerning the topics for the follow up meeting, they are:

1. 0000a;
2. Start up, Shut down and Malfunction SIP Emissions; and,
3. Once In Always In Policy.

Is there anything else you or Mandy would want to discuss? What EPA representatives would you envision participating in the meeting?

A meeting the week of Feb 5 or 12 would work for us.

I look forward to hearing back from Emily on the potential meeting dates?

(While I think email would work best all around, I believe her office number is 202-564-1850).

If you all should have any other/additional air-related topics to discuss, please let Emily know, so that she/we can arrange to have the right people from our end available (e.g., program staff) to participate, in addition to Mandy and me.
